

# Sports Premium 15-16

The Government have issued a sports premium of £9130 (similar to that of the pupil premium), for academic years 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

At Park Junior School we are spending just over half of our Sports Premium working with Real PE.

The aims of our Sports Premium spending are

- \* To identify learning styles of individual children
- \* To develop a comprehensive curriculum supporting fundamental skills in line with new curriculum and OFSTED framework
- \* To develop knowledge and ability, to lead continued professional development (CPD) for Park staff & other schools
- \* To increase development of fundamental gymnastic skills
- \* To increase participation of 'non gymnasts'
- \* To establish early pathways into extra-curricular sport

How are we spending the money?

Continued Curriculum Development – support for Teachers and Support staff:

Continuing with ongoing 'Real PE' fundamental and advanced skills staff training for all staff members.

Curriculum Development – Co-coaching with staff:

Staff to be mentored by professionals in Gymnastics and Invasion games (run by various external experts). These games to be built on top of children's multi skills learning, allowing them to use their new found skills in a game (competitive or non-competitive) setting.

Training personalised to CPD needs - Gymnastics identified as area staff would like support.

Teachers believe their ability has increased to deliver a sequence of lessons in Gymnastics and Games thanks to the expert coaching, which Class Teachers got to observe first hand. In depth planning has been gathered and this will help teachers plan exciting and varied lessons in the future.

Competition and Festivals:

Children inspired to participate in more sporting activities, both competitive and non-competitive.

Park teams to take part in inter & intra School Games Competitions.

The Sports Premium has enabled cover for competitions which take part during curriculum time.

Increased participation in inter & intra competitions. Park children took part in thirteen competitions (up on last year). We aim to provide even more competitions next year. Year 4 enjoyed their day at the Longfield Games Festival, and we're hoping to repeat this next year if the event happens again.

### After School Clubs:

A survey of children showed a desire for more clubs including: table tennis and gymnastics and archery (again).

Children inspired to participate in more sporting activities, both competitive and non-competitive.

Some are run by our well trained enthusiastic staff and to some we invite in external experts from local sports clubs and academies.

A local gymnastics club 'Flip & Twist' uses our facilities to offer gymnastics to the local community The local football club uses our facilities to offer football skills to the local community

It was another successful year in regards to After School Clubs. For the second year in a row 6 new clubs were introduced and children's participation increased. 70% of children have attended at least one club (up roughly 10% on the previous year) whereas children who attended 2 or more clubs went up by 16.5% on last year to 47.5%. For the first time, children who represented the school was calculated. For the year 15-16 35% of children represented the school in an official competition, we would like to increase on that next year. Pupils enjoyed the wide variety of clubs

and shared their positive views in the pupil survey and also mentioned clubs they would like to see next year. Table tennis was not introduced this year but plans have already been put in place for next year.

Quotes for pupil survey – Year ending 15-16

"I enjoy that we do different sports in our PE including Frisbee and archery." Bella (y4)

"The sport has been very fun and enjoyable and I liked that in Netball we have actual hoops to score in." Evie (y5)

"In PE (lessons) it is so so fun that I'd rather do that than play video games!!!" Kaiden (y5)

"They (the coaches and teachers) make it really clear when you don't understand and I like the challenge." Ruby (y5)

"Districts Sports is the highlight of my school year, getting to run this year with my friends was awesome!" Sienna (y6)
